

Friends Will Give 3 Plays

The Arlington Friends of the Drama will present three one act plays for their January bill to be given in the clubhouse at the corner of Academy and Maple streets, Friday and Saturday evenings, January 17 and 18. The plays will include "The Purple Door" by Walter Pritchard Eaton, "The Other Side of a Door" by Essex Dane and "And Templed Hills" a hair-raising dramatization of a Cosmopolitan story by Parker Wood, who has previously written several plays for the local dramatic organization.

The starring roles in the three plays will be played by Mrs. George Tewksbury, Arlington's most venerable and best loved actress, Richard Robinson, the club's busiest and most versatile actor, and Lorraine Miller, who has delighted audiences in scores of plays, both as an amateur and as a professional. Others in the three casts are Peggy McGinn, Eunice Nelson, Dorothy Ring, Frances Marble, Joan Wallace, Jack Ring, Norman Watt, Joseph Hoar, Bernard Edmark, Dow Pickering, Paul M. White, Jr., and Dr. David Kennedy.

Mr. Wood is directing his own play, while the other two are being handled by Mylred Foley Trempt, who is considered the club's finest director.

Town Must Sacrifice To Pay for Defense

To the Editor of the Arlington News:

The last ten years have changed our entire outlook upon life. As a nation we must realize that we are looking forward to an era of comparative individual poverty.

First came the depression with the unemployment and the realization that the country must assume many burdens not previously existing. As a result of this, not only has the national debt doubled but also a great expense has been thrown upon every municipality. For this and other reasons beyond the control of our town boards and officials, we have had a tax rate which has steadily mounted. In the midst of these difficulties came a world disaster. Regarding the possibility that Germany and Japan will win their fight against the democracies, we are faced with the fact that for generations we shall be burdened with a load of taxes for defense, so great that anything we have done in the past is comparatively insignificant. We have already started along the road and have now begun such preparations that, even if these are not expanded, the yearly share of Arlington citizens for this single purpose will equal or exceed the present amount raised by local taxes.

These facts we cannot ignore. We cannot ask our town officials to do the impossible. We cannot ask to have the services to which we are accustomed unless we have the means to pay for it. And we do not have the means to pay for everything. Dislike it though we may, it is essential that the town spend as little as possible that we may have more for defense. Arlington has a proud record of superior service. We must now recognize the fact that it may be impossible for us to continue in the same way. Instead of demanding services, we should do all in our power to support the boards having in charge the financing of the town and in making it their primary effort to reduce expenses even though this may result in poorer service. Comfort and convenience must be subordinated to national defense.

WARREN A. SEAVEY

Offers Reason Why Cost of Collecting Rubbish Is Higher

To the Editor:

May I volunteer some information that might prove helpful to "B. W." regarding the deficiency in the appropriation for the removal of ashes and rubbish. These figures are just general but might aid in determining why the department ran shy the past year. In June my family installed an oil burner in the cellar. Up to this installation and until the fires were lighted in the fall we did not call upon the department to remove as many barrels of rubbish. In the period of June to October we placed at least twelve extra barrels on the street to be taken care of.

Now (bear in mind these figures are not exact but general) for 1940 over 400 house heating units and nearly three hundred kitchen range burners have been installed. No doubt many homes were in the habit of burning rubbish in heater and range and with these installations was not the Public Works Department called upon to service more householders than in 1939? It seems only common sense to me but I may be wrong.

I am a taxpayer and am interested in keeping the taxes down but I am also willing to admit when we get our money's worth and we get more than we pay for in this town. In many surrounding towns householders have to pay for the removal of rubbish at so much a container or burn it in an incinerator in the yard or cellar. In the long run our system is more economical, less obnoxious to the taxpayer.

Just trying to be helpful

Tower Bowlers

The first half of the Arlington Heights Tower Association's Bowling league reached an end recently. Captain Earl Bolton's "Puritans" by virtue of fine bowling managed to finish in first place with points to spare. Team (six men) records so far established are for the high three strings the "Puritans" with 1,708 and for the high single string the "Grand Views" with 623 pins. The individual high three string record is held by Jack Pierce with the remarkable total of 360. Honors for the individual high single string are shared by Jack Pierce and Rudy Regut, each having a string of 137 to their credit.

Adelphians Enjoy Gay Nautical Party

The Adelphian Young People's Society of the First Baptist church gathered on evening recently for a nautical party on the S. S. Adelphia. Sailing was on schedule at 8:00 p.m. from "Kelsey's Wharf" in Lexington, with approximately 80 passengers aboard.

After walking up the "gang-plank", guests were admitted to the "main ballroom", which was appropriately decorated with pennants and balloons. Highlight of the program was a skit in pantomime with Dorothy Woodward, Mark Eldredge and Gordon Wright ably handling the acting and Alice Hall interpreting. Refreshments were served during the intermission.

The committee in charge of arrangements included the Misses Elizabeth Woodward, Alice and Ethel Hall, Martha Chipman and Dorothy Drake. Among those present were Rev. Harry Krueger, minister of the First Baptist Church in Boston; Herbert O. Alderson, Harold Magnuson, president of the Young Republican Club of Arlington; and Gordon Wright, former president of the Adelphians, who leaves shortly to join the air corps of the U. S. Naval Reserve.

Walker Addresses Local Kiwanians; Capital Is Subject

Joseph T. Walker, Jr., a partner of Hornblower & Weeks, spoke briefly at the weekly luncheon of the Arlington Kiwanis club in Wyman's tavern recently.

Mr. Walker spoke of the importance of maintaining the flow of capital into industry, pointing out that the cessation of the flow of capital caused stagnation in the whole economic life of our country. He cited examples of the results of a stoppage in the flow of capital which produce unemployment on the one hand and reduce the return from capital on the other.

During the last few years, business has been operating at a low ebb. Capital has ceased to flow into industry with the result that new security issues, not including those of the Federal Government, have dropped from four billions for the period 1925 to 1927 to \$825,000,000 for the period 1937 to 1939.

Because of lack of demand for capital, interest rates have fallen so that yields on high-grade investment have declined approximately 40 per cent. The income of mutual savings banks has been reduced by about 45 per cent and life insurance companies by about 20 per cent. To the individual, this means that to obtain the same amount of protection against old age and independence as formerly requires that nearly double the amount of savings be accumulated.

Mr. Walker described the investment banker as a merchant and outlined his functions in assisting the flow of capital into industry.

In closing, he outlined some of the more important functions of the Security Acts, heartily endorsing the measure of protection which they are de-

signed to give the investor but stressing the fact that the time has now arrived when these laws should be reviewed with the view of eliminating unnecessary and burdensome requirements which tend to slow up the flow of capital and industry.

The board of directors of the local service club met Monday afternoon at the Arlington Gas Light company office.

Colonel Miles Given Rousing Reception

Speaking before the assembly of the Arlington High School Monday morning, Colonel F. J. Miles, D. S. O., O. B. E., senior chaplain of the Australian Imperial Forces in Gallipoli 1914-1920, was given a rousing reception at the conclusion of his lecture on "The European Situation As Seen By An Eye-Witness." Principal Herman Gammons voiced his keen appreciation with that of the student body at the close of the message.

On Wednesday morning Colonel Miles spoke before the assembly of the Junior High School West on the subject, "The Russia of Today." Before the two service organizations of this town, the Rotary Club on Wednesday and the Kiwanis Club yesterday, Colonel Miles spoke on "The British Empire Myth."

A very interesting program was presented by the scouts.

Take Charge, Mister—and

Let's Fireball!

THERE'S a new word spreading through
the vocabularies of car owners who
have made firsthand acquaintances with
this slick new 1941 Buick.

It's a word we first picked out as an apt
description of a new and better engine —
but it is rapidly coming to mean a com-
pletely new and excitingly pleasurable
manner of motorcar travel.

All over the country, "to fireball" now
means to enjoy both ease and dispatch in
your travel by car — with a very special
new manner of thrift.

Not the ordinary, scrimpy, self-denying
sort of thrift, but thrift with all
the thrills left in!

Now, just why that happens is
easy to understand.

*Optional equipment on the Buick SPECIAL,
standard on all other series.

Reinforced by Compound Carburetion*
this FIREBALL eight develops nearly 17%
more horsepower on exactly the same fuel
rationing.

With all that power on call, we can use a
more economical gear ratio as our standard
high gear—a ratio that ups miles per gallon
by giving more revolutions of the wheels
for every revolution of the engine.

Then, in addition, we have in Compound
Carburetion a fuel supply system that
adjusts itself according to the driving
conditions you meet.

Thus your engine is always getting the ut-

most benefit out of the least amount of gaso-
line that will give the performance you want.

And that spells economy.

So much economy that a man who drives
15,000 miles a year gets as much as 2,000
miles' extra driving on the same amount
of fuel.

And that, Buick buyers
will tell you, is
something very much
worth looking into
through a free dem-
onstration such as any
Buick dealer will
gladly give.

First Baptist Men's
Class Evening Service
To Be Open To Public

Sunday evening at 7:30 the Men's Class of the First Baptist Church will meet. The noon meeting will be held as usual in the church banquet hall. The evening service, to which all men and women are cordially invited, will be held in the church auditorium. Dr. Grady D. Feagan, minister of the church and class teacher, will speak at both meetings.

The class feels that many of the women of the church as well as those who have heard of this large group of men are interested in seeing the class in regular session, and this is one of the reasons for the special evening meeting.

This service will be conducted the same as in the noon class with the exception of reports and business. The class orchestra of twenty musicians made up of class members, playing every Sunday, will be presented in a special musical program under the direction of Foster Brown.

Dr. Feagan has taken a timely subject for his talk, "Has Christianity a Future?" Dr. Feagan, a speaker who is considered one of the Baptists' best, is at his peak when addressing his men's group.

TIMELY SUGGESTION

Have you noticed the attractive and timely window display at the local F. W. Woolworth store, at 465 Massachusetts avenue? It features Silver Germicide which should come in very useful during the present epidemic of colds. P. S. The window is not actually broken so don't report it to the police.

GIVE GENEROUSLY!

Mrs. William A. Muller, community chairman of Arlington for the Campaign of the Greater Boston Community Fund, and many other volunteer workers will represent the citizens of this community at the opening meeting Saturday evening. They will be there, because they grasp clearly the deep, far-reaching implications of the Community Fund Campaign in Greater Boston this year.

We must not fail ourselves, our community of Greater Boston, or our country in this Community Fund Campaign. We must work and give fully with determination that our great democratic enterprise shall succeed in raising more than its minimum goal of \$4,833,000 before February 5. We can win a victory for our community, and for democracy in its struggle in this world.

Remember, when a Greater Boston Community Fund solicitor comes to see you, that you're lucky to live where you do, and lucky to be an American. Because you are a citizen of a free American democracy, your community belongs to you personally. Give generously to the Greater Boston Community Fund and thank God you have the opportunity to help your community—voluntarily.

SPIRIT OF "77"

The Seventy-Seventh Congress of the United States is now in session. The business which must be considered by this group of representatives is the most serious in the history of the country.

It is eminently proper, therefore, that its members and the general public alike have a clear definition in their minds of the problems and responsibilities that the people's representatives face in these troubled world times.

Nor is it hard, by a little thoughtful analysis, to list the most important points upon which Congress should fix its unwavering attention. They would certainly include the following:

1. National defense is of primary importance. It is industry's job to provide the materials for this defense; government's task, aided by expert military advice, is to define the country's defense needs and to employ them most effectively to safeguard our shores.

2. The rearmament program should be carried through with as little dislocation as possible of our regular peacetime economy.

3. No group in this country need lose any of the sound social gains that have been won over the course of the years. But the Congress does have a schedule of modification and clarification that it could well face this session in the interest of making our economy function more soundly and for the good of all Americans. It has avoided decision so far on amendment of the National Labor Relations Act, so badly in need of repair. Now the report of the Smith House Committee studying that Act and the Board administering it points once again to the necessity for changes. The principles behind the Walter-Logan Bill, which narrowly failed to become law this last session, are worthy ones; in some form, they are deserving of more

Congressional thought. Measures following the pattern of these projected items of legislation virtually demand the consideration of the new Congress.

Essentially, the Seventy-Seventh Congress has this touchstone to test all its acts: Consider the safety of the United States, and promote internal harmony so that our industries and our whole national life will be strong. If it works in that spirit, it can make "77" a real lucky number for our great nation and all the people who dwell here in peace and in freedom.

The NEWS OBSERVES

In a letter to the selectmen, R. J. Dunn, second vice-president of the Lumberman's Mutual Casualty Company writes: "Our Claim Department has called my attention to the excellent work done by the Police Department of Arlington, which has resulted in a very noticeable reduction in automobile accidents. At a time when accidents are unfortunately increasing, such a record as that of the Police Department is especially worthy of notice. We congratulate you for the marvelous record made by your town."

After an unsuccessful attempt the previous week the Arlington Lions finally took possession of Leo, the travelling bronze Lion from the Melrose Lions Club, Tuesday noon. CHURCHES OF CHRIST, SCIENTIST

"I will give unto him that is athirst of the fountain of the water of life freely. He that overcometh shall inherit all things; and I will be his God and he shall be my son." These words from Revelation 21:6, 7, comprise the Golden Text to be used in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, on Sunday, January 19.

The subject of the Lesson-Sermon will be: "Life." Included among the Scriptural selections will be: "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings." For with thee is the fountain of life: in thy light shall we see light" (Psalms 36:7, 9).

The following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Eternity, not time, expresses the thought of Life, and time is no part of eternity. One ceases in proportion as the other is recognized. Time is finite; eternity is forever infinite" (p. 463).

Mr. Benjamin F. Hickey, associate chairman in charge of district organization was pleased to announce this week that he has completed his staff of District Directors, one for each of the 14 precincts. Those selected for these positions in Precincts 1, 3 and 4 are Miss Ruth M. Kelley, 30 Cleveland street, John Gray, 26 Waldo street and Christin J. Berglund, 292 Massachusetts avenue.

Endorsed by Selectmen
The board of selectmen issued the following proclamation in connection with the Community Fund Campaign:

Whereas: the defense of your nation, your state, and your community is your paramount duty as a citizen, and

Whereas: the community welfare is a vital part of defense and the preservation of Democracy, and

Whereas: the Greater Boston Community Fund Campaign, as an expression of unselfish solicitude for the health and welfare of all persons of every race and creed, is an essential part of the assurance of a united citizenry, so essential to defense.

Now, Therefore, we, the Selectmen of the Town of Arlington, do set aside from January 18th to February 5th as Community Fund Fortnight, and do urge all persons to give in accordance with their means.

Given under our hand and seal at Arlington, the thirteenth day of January, in the year one thousand nine hundred forty-one.

Harold M. Estabrook,
William C. Adams,
Ernest W. Davis,
Selectmen of the Town of Arlington, Mass.

Hundreds of public spirited citizens in Arlington are devoting all their spare time and energy to completing detail work prior to the start, tomorrow of the all-important 1941 Community Fund Campaign. The actual money raising drive will last just 19 days, starting January 18 and ending February 5. Headquarters for the organization work is at 677 Massachusetts avenue, where Mrs. Harold A. Yeames, chairman of the administrative committee, oversees the activities of a large number of volunteer workers.

Mrs. William A. Muller, community chairman, in discussing the extent of knowledge and understanding in the town of Community Fund activities, praised the Arlington News for the space given for explanation of the program.

Members of the staff assisting Mrs. Yeames at the Arlington headquarters who are giving a great deal of time to furthering the campaign cause are ten assistant chairmen: Paul A. Anderson, 9 Brantwood road; Mrs. Charles W. Pierce, 3 Florence terrace; Mrs. Frederick W. Hill,

15 Oxford st.; Mrs. Arthur L. North, 34 Lombard road; Mrs. Paul J. Power, 35 Florence ave.; Mrs. Marcus Sorensen, 33 Newman Way; Mrs. Curtis K. Pinkham, 4 West st.; Mrs. James W. Kidder, 215 Crosby st.; Mrs. Milton Estabrook, 176 Pleasant st.; and Mrs. Fred J. Donnelly, 154 Westminster avenue.

To assist in the clerical work at headquarters during the drive a number of women have kindly offered their services as secretaries. They are: Mrs. Arthur W. Sampson, 11 Cliff st.; Mrs. Charles MacKusick, 28 Academy st.; Mrs. Russell T. Hamlet, 15 Victoria road, Miss Helen G. Gale, 14 Wildwood ave.; Mrs. Kingsbury Ryan, 61 Mt. Vernon st.; Mrs. Howard Allen, 81 Kensington park; Mrs. Albert W. Wunderly, 9 Lincoln st.; Mrs. P. G. Griffin, 26 Florence ave.; Mrs. Marion O'Shea, 237 Appleton st.; Mrs. John F. Quinn, 306 Appleton st.; Mrs. Llewellyn Evans, 260 Broadway; Miss Mary Evelyn Leveroni, 48 Kilsyth road; Mrs. Roscoe O. Elliott, 33 Edgell road; Mrs. Forrest Cameron, 100 Bartlett ave.

Mrs. J. Emmett Sullivan, 18 Bates road; Mrs. Paul H. Duncan, 69 Fountain road, Mrs. A. W. Hillard, 40 Jason st.; Mrs. Marvin O. Campbell, 20 Hopkins road; Mrs. Clarence A. Russell, 61 Gray st.; Mrs. William Bladale, 104 Claremont ave.; Mrs. Bernard G. Teal, 73 Jason st.; Mrs. Henry C. Guernsey, 38 Gray st.; Mrs. John W. Wallen, 78 Florence ave.; Mr. G. Arthur Hastings, 37 Robbins road and Mrs. Gordon P. Thompson, 37 Brantwood road.

Another important phase of the campaign that is receiving much thought and consideration is the employee solicitation. Brayton D. Fisher of 26 Stevens terrace, chairman of this group, is rapidly completing the personnel list of his committee and thus far many prominent public officials and business leaders have been chosen for this work. The members of this committee and the groups they are to contact are as follows: Police Dept., Chief Archie F. Bullock; Fire Dept., Chief Daniel B. Tierney; Schools, Joseph S. Keating; Supt.; Town Employees, Allan E. Cowie, Sealer of Weights and Measures; Banks, Edward Clark of the Arlington Five Cents Savings Bank; Automobile Agencies, Warren G. Lindberg, 32 Howard St.; manufacturers, Everett Bryant, 26 Bellevue rd.; Gasoline Stations, Albert Pierce; Stores, Edgar T. Chester, associated with Amelia B. Callahan and Grayville R. Looking Inside

(Ed.'s Note: The comments in this column are not to be considered as the editorial opinions of the NEWS.)

Jan. 15, 1941 as predicted in this column last year a large number of Bills have been filed with the State Legislature asking for changes in the "Old Age Assistance Act." As previously stated these fall into three types of Bills: one, to decrease the age limit from 65 to 60; two, to free the families of any responsibility for supporting aged persons; three, to increase the minimum amount to be paid from \$30 to \$40 a month. If enacted these proposals would double the old age assistance cost and would increase local Tax Rates upwards to \$4.00 per thousand.

Under the present law we in Arlington have seen the cost of this item mount each year. Here are the figures of the local appropriations and not including additional Federal and other grants:

1931	\$5,000
1932	10,500
1933	15,000
1934	20,000
1935	30,000
1936	38,000
1937	45,000
1938	54,000
1939	74,509
1940	79,356

The question is not so much what we would like to do as it is, how much more can we afford to do?

UNIVERSITY THEATRE

Mix melody and melodrama and you have a melodrama or, to be more explicit you have "You'll Find Out," which starts Sunday at the University Theatre, starring Kay Kyser and featuring his famous band and the College of Musical Knowledge. The new songs are put across in the well-loved Kyser style, with special assistance from Ginny Simms, Harry Babbitt, Ish Kabibble and Sully Mason.

"Escape to Glory," the companion film, features Constance Bennett and Pat O'Brien.

On Wednesday, Review Day, the program includes "Mr. Deeds Goes to Town," co-starring Gary Cooper and Jean Arthur and Gene Autry in "South of the Border."

A few seasons ago Warner Bros. released a thrilling film about Uncle Sam's tars starring James Cagney and Pat O'Brien called "Here Comes the Navy."

"South of Suez," the companion picture, is an exciting film of adventure in a South African diamond mine.

Great enthusiasm was expressed by the interested crowd which attended the opening classes in adult education, sponsored by the Woman's club, at the High School.

There are several changes in the teaching staff, George Savage is teaching one class in typewriting, Miss Emily Berry has charge of the other group. There are several vacancies in the typewriting classes. Those interested should plan to enroll next Monday evening at the High School.

The art classes are being taught by David Baker of West Medford who has planned a fine course.

Miss Edith Chamberlain will teach the class in Correct English.
